

From Osaka, to the world

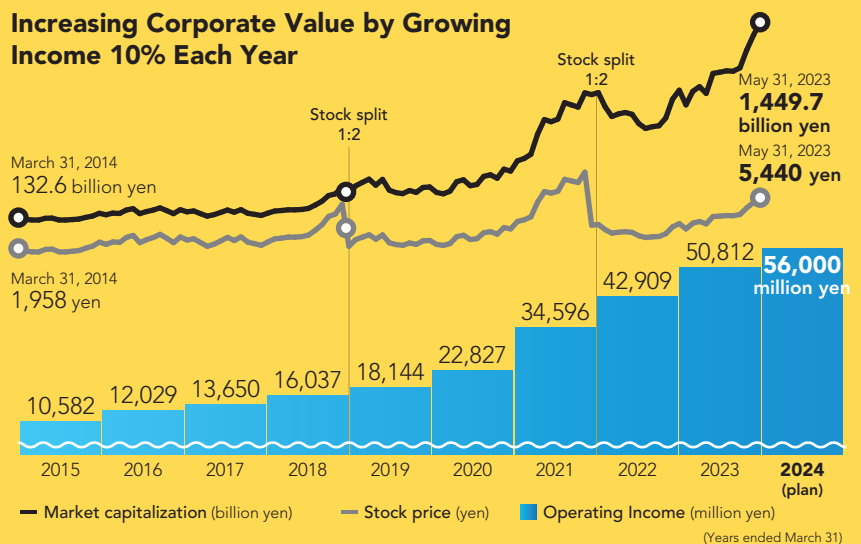

Capcom celebrated its 40th anniversary on June 11, 2023

Capcom marked its 40th anniversary in June 2023. Over the past four decades, we have aimed to be a company that contributes to people's happiness, and in addition to producing a wealth of iconic original games and content loved around the world, we have also adapted the content from our games to a number of other mediums, including major Hollywood movies. Going forward, we are committed to providing the very best in entertainment worldwide as we set off toward the next stage of our growth.

Improving financial and non-financial value over the long term

Achieving 10 consecutive years of increased operating income

The game industry is continuously changing, in step with the evolution of AI, networks, and other advanced technologies. At Capcom, we see these changes as an opportunity, and as a result of our efforts to strengthen our development structure and promote digitalization, the fiscal year ended March 2023 marks 10 consecutive years of increased operating income. Though we split our stock on April 1, 2018 and again on April 1, 2021 to improve its liquidity and expand our investor base, as our performance improves, our stock price also continues to rise steadily. We will continue to increase our corporate value (market capitalization) with sustainable business growth so that we can reward our stakeholders' loyalty.

Providing smiles and moving hearts all across the globe

Since Capcom's founding in 1983, we have continued to move hearts and deliver smiles through the entertainment of games. In recent years, the spread of the internet, PCs, and smartphones has made it possible to enjoy games while at home, or in all corners of the globe, even without a game console. Further, our game software sales volume has been increasing, driven primarily by digital sales, and our titles can be enjoyed in 230 different counties and regions worldwide. We will continue to strive in our business activities in an effort to contribute to the improvement of quality of life for people throughout the world by providing high quality entertainment.
