The accompanying notes are an integral part of these financial statements.

1. Major policies in preparing the consolidated financial statements:

The accompanying consolidated financial statements of CAPCOM CO., LTD. (the "Company") and its subsidiaries have been prepared on the basis of accounting principles generally accepted in Japan, which are different in certain respects as to application and disclosure requirements from International Financial Reporting Standards, and are compiled from the consolidated financial statements prepared by the Financial Instruments and Exchange Act.

Each amount in the consolidated financial statements and notes is rounded down to the nearest 1 million yen (in the case of translation into U.S. dollars, it is rounded down to the nearest 1 thousand U.S. dollars).

The rate of ¥106 to U.S.\$1.00, the approximate current rate of exchange prevailing on March 31, 2018, has been used for the purpose of presentation of the U.S. dollar amounts in the accompanying consolidated financial statements. These U.S. dollar amounts are included solely for convenience and should not be construed as representations that the Japanese yen amounts actually represent, have been or could be converted into U.S. dollars at this or any other rate.

2. Summary of significant accounting policies:

(1) Principles of consolidation

The consolidated financial statements consist of the accounts of the Company and its 14 majority owned subsidiaries (the "Companies") at the relevant balance sheet date. All significant intercompany transactions and accounts have been eliminated.

The investments in 20% to 50% owned companies (affiliated companies) are, with minor exceptions, accounted for under the equity method.

The 14 subsidiaries are as follows:

CAPCOM U.S.A., INC. (U.S.A.)
CAPCOM GAME STUDIO VANCOUVER, INC. (Canada)
BEELINE INTERACTIVE, INC. (U.S.A.)
BEELINE INTERACTIVE CANADA, INC. (Canada)
BEELINE INTERACTIVE EUROPE LTD. (U.K.)
CE EUROPE LTD. (U.K.)
CAPCOM ENTERTAINMENT GERMANY GmbH (Germany)
CAPCOM ENTERTAINMENT FRANCE SAS (France)
CAPCOM ASIA CO., LTD. (Hong Kong)
CAPCOM TAIWAN CO., LTD. (Taiwan)
CAPCOM ENTERTAINMENT KOREA CO., LTD. (South Korea)
CAPTRON CO., LTD. (Japan)
K2 CO., LTD. (Japan)
ENTERRISE CO., LTD. (Japan)

An affiliated company accounted for under the equity method is as follows:

STREET FIGHTER FILM, LLC (U.S.A.)

(2) Investments in securities

Available-for-sale securities whose fair values are readily determinable are stated at fair value at the fiscal year end. Net unrealized gains or losses on these securities are recorded as a separate component of "Net assets," at the net of tax amount. The cost of securities sold is determined based on the average cost of all such securities held at the time of sale. Other securities whose fair values are not readily determinable are stated at cost, cost being determined by the average cost method.

(3) Inventories ("Merchandise and finished goods," "Work in progress," "Raw materials and supplies") and "Work in progress for game software"

Inventories are stated at the acquisition cost, determined principally by the moving average cost method. Inventories are stated at cost with the book value reduction method based on a decline in profitability for balance sheet carrying amounts.

Work in progress for game software, including development costs incurred by subcontractors for game machines, is stated at accumulated cost on a specific project basis. Work in progress for game software is stated at cost with the book value reduction method based on a decline in profitability for balance sheet carrying amounts.

(4) Tangible fixed assets, except for leased assets

Tangible fixed assets are stated at cost. The Company and its domestic subsidiaries compute depreciation of tangible fixed assets using the declining balance method at rates based on the estimated useful life of the respective asset, except for buildings (excluding leasehold improvements and auxiliary facilities attached to buildings), for which depreciation is computed using the straight-line method. Foreign subsidiaries, except for some subsidiaries, compute depreciation on a straight-line basis.

The primary useful lives are as follows:

Buildings and structures	3-50 years
Equipment for amusement facilities	3-20 years

(5) Intangible assets, except for leased assets

Amortization of intangible assets is computed by the straight-line method. The amortization period, except that for computer software and online game contents, is based upon the individual estimated useful life of the asset.

The amortization period for computer software and online game contents is based upon the estimated period of internal use (5 years) and the estimated period of online game services (2 to 3 years), respectively.

(6) Leased assets

Leases that do not transfer ownership of the leased assets to the lessee

Depreciation of such leased assets is computed by the straight-line method with the lease term regarded as useful life and the residual value at zero. If there is a contract on guaranteed residual value for the lease, such guaranteed residual value is used as the accounting residual one.

Leases that transfer ownership of the leased assets to the lessee

Depreciation methods for such leased assets are the same with those applied to the tangible fixed assets owned by the Companies.

(7) Allowance for doubtful accounts

The allowance for doubtful accounts is calculated based on the prior loss experience and the estimated amount of probable individual bad debts at the fiscal year end. This amount is considered sufficient to cover possible losses on collection.

(8) Accrued bonuses

Accrued bonuses are stated at the estimated amount of the bonus to be paid to employees based on their services provided during the fiscal year.

(9) Attributing retirement benefits to service periods and amortizing liabilities unrealized in profit or loss

In calculating projected benefit obligations, attributing retirement benefits to service periods is based on benefit formula method. Prior service liabilities are amortized over 8 years, the average remaining service period, commencing from the date on which they are incurred. Actuarial net gains or losses are amortized over 8 to 14 years, commencing from the following year in which they arise.

(10) Cash and cash equivalents in the consolidated statements of cash flows

Cash and cash equivalents include all highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and are so near maturity that they present an insignificant risk of change in value.

(11) Revenue recognition

Significant revenue recognition for game content

The revenue for unavailable portion of the game content sold to customers is deferred until it is made available.

(12) Other

Accounting for consumption taxes

Consumption taxes on goods and services are not included in the revenue and expense amounts in the accompanying consolidated statements of income.

3. Unapplied accounting standards, etc.

- (1) Implementation Guidance on Tax Effect Accounting, etc.
 - "Implementation Guidance on Tax Effect Accounting" (ASBJ Guidance No. 28, February 16, 2018)
 - "Implementation Guidance on Recoverability of Deferred Tax Assets" (ASBJ Guidance No. 26, February 16, 2018)
 - (i) Overview
 - The treatment of temporary difference for investments in subsidiaries on non-consolidated financial statements has been reviewed and the treatment of recoverability of deferred tax assets for the companies which are classified as category 1 has been clarified.
 - (ii) Effective date
 - Effective from the beginning of the fiscal year ending March 31, 2019
 - (iii) Effects of application of the Guidance
 - The impact is now under examination.
- (2) Accounting Standard for Revenue Recognition, etc.
 - "Accounting Standard for Revenue Recognition" (ASBJ Guidance No. 29, March 30, 2018)
 - "Implementation Guidance on Accounting Standard for Revenue Recognition" (ASBJ Guidance No. 30, March 30, 2018)
 - (i) Overview
 - This is a comprehensive accounting standard for revenue recognition.
 - Revenue recognition takes the following five steps.
 - Step 1: Identify the contract(s) with a customer
 - Step 2: Identify the separate performance obligations in the contract
 - Step 3: Determine the transaction price
 - Step 4: Allocate the transaction price to the separate performance obligations
 - Step 5: Recognize revenue when the entity satisfies a performance obligation
 - (ii) Effective date
 - Effective from the beginning of the fiscal year ending March 31, 2022
 - (iii) Effects of application of the Guidance
 - The impact is now under examination.

4. Change in presentation

(Consolidated statements of income)

Effective from the fiscal year ended March 31 2018, "Additionally paid retirement benefits" and "Office transfer expenses," which were included in "Other" under Non-operating expenses, have been disclosed separately due to increase in materiality. The consolidated statement of income for the previous fiscal year has been restated to reflect this change. As a result, "Other" of ¥322 million (\$3,038 thousand) disclosed under "Non-operating expenses" in the statement of income for the previous fiscal year has been reclassified and split into "Additionally paid retirement benefits" of ¥117 million (\$1,107 thousand), "Office transfer expenses" of ¥63 million (\$595 thousand) and "Other" of ¥141 million (\$1,334 thousand).

(Consolidated statements of cash flows)

Effective from the fiscal year ended March 31 2018, "Increase in Online contents in progress", which was separately disclosed in the "Cash flows from operating activities" has been included in "Other" due to decrease in materiality. Furthermore, "Increase or decrease in other current assets" and "Increase or decrease in other current liabilities" as part of the cash flows from operating activities have been included in "Other" to improve clarity of the statement of the cash flows. To reflect this change, the consolidated statement of cash flows for the previous fiscal year has been restated. As a result, "Increase in online contents in progress" of (¥704 million (\$6,650 thousand)), "Decrease in other current assets" of ¥875 million (\$8,260 thousand), "Increase in other current liabilities" of ¥545 million (\$5,149 thousand) , and "Other" of ¥239 million (\$2,262 thousand) have been reclassified and combined into "Other" amounting to ¥956 million (\$9,022 thousand).

11. Financial instruments

(1) Conditions of financial instruments

① Management policy

The Companies' fund management policy is to invest in financial instruments that have high levels of safety concerning the repayment of the principal and the receipt of interest, taking safety, liquidity (negotiability, marketability) and profitability into consideration. The Companies raise funds through borrowings from financial institutions, such as banks, etc. The Companies also utilize derivative financial instruments in order to hedge foreign currency exchange risk and interest fluctuation rate risk and do not enter into derivative financial instruments for speculative purposes.

② Financial instruments, risks, and risk management

Notes and accounts receivable - trade are exposed to the credit risk of customers. To minimize the risk, the Companies regularly monitor the credit status of major customers as well as perform due date control and balance control for each customer according to the importance of the business in accordance with credit exposure management rules.

The investments in securities the Company holds consist mainly of listed equity securities of its business partners. These securities are exposed to stock price volatility risk. To minimize such risk, the Company states the fair value of these securities on a quarterly basis to report it to the Board of Directors' meeting.

As for notes and accounts payable - trade, due date of payment is within one year. Short-term borrowings are mainly for normal operating activities, and long-term borrowings are mainly for capital investments. Notes and accounts payable - trade and borrowings are exposed to liquidity risk. The Companies minimize such risk by forecasting cash flows on a monthly basis.

Long-term borrowings	78,443	78,659	216
Total	125,039	125,255	216

(Note 1) Fair value measurement of financial instruments

Assets

(1) Cash on hand and in banks and (2) Notes and accounts receivable - trade

The fair value is assumed to be the same as the carrying value as it approximates fair value because of the short maturity of these instruments.

(3) Lease deposits

The fair value is measured at the present value of future cash flows discounted using the yield of national government bonds according to periods until repayment.

Liabilities

(1) Notes and accounts payable - trade, (2) Electronically recorded obligations and (3) Short-term borrowings

The fair value is assumed to be the same as the carrying value as it approximates fair value because of the short maturity of these instruments.

(4) Long-term borrowings

The fair value of long-term borrowings with variable interest rates is measured at the carrying value as it approximates fair value.

(The market interest rate fluctuation is reflected in the variable interest rates in the short term and the credit status of the Company does not change remarkably after raising funds through long-term borrowings with variable interest rates.)

The fair value of long-term borrowings with fixed rates is measured at the present value of future cash flow (principal plus interest) discounted using the assumed interest rate of similar new borrowings.

15. Asset retirement obligations

Asset retirement obligations on the balance sheet.

① Outline of asset retirement obligations

Obligations to restore business offices and amusement stores in the "Arcade operations" segment to their original state, as specified in the real estate lease agreements.

② Calculation of asset retirement obligations

Asset retirement obligations are calculated with the future cash flows discounted. For the business offices, their depreciation periods (mainly 15 years) are regarded as their estimated periods of use and the yields of the national government bonds, which correspond to the respective depreciation periods, are used as their discount rates.

For the amusement facilities, their lease periods (mainly 6 to 15 years) are regarded as their estimated periods of use and the yields of the national government bonds, which corresponds to the respective lease periods, are used as their discount rates.

17. Segment information

(1) Outline of reportable segments

① Classification of reportable segments

The reportable segments the Company reports are the business units for which the Company is able to obtain separate financial information in order for the Board of Directors to conduct periodic investigations to determine the distribution of operational resources and to evaluate business performance. The Company has several operational headquarters which plan comprehensive business strategies in the domestic and overseas markets for their products and services, and develop its business activities. Therefore the Company's reportable segments are based on the products and services its operational headquarters deal in and are composed of the following 3 segments: "Digital content," "Arcade operations" and "Amusement equipment."

② Product and service line

The "Digital content" segment develops and distributes video and mobile games for consumers.

The "Arcade operations" segment operates amusement stores which install amusement equipment.

The "Amusement equipment" segment manufactures arcade game machines and pachinko gambling machines, etc. to be distributed to arcade operators and pachinko parlors.

(2) Method of calculating sales and income (loss), identifiable assets and liabilities and other items by reportable segment the accounting policies for the reportable segment are based on those in "Summary of significant accounting policies." Income by reportable segment is calculated based on operating income on the consolidated statements of income.

Independent Auditor's Report

To the Board of Directors of CAPCOM Co., Ltd.

We have audited the accompanying consolidated financial statements of CAPCOM Co., Ltd. and its subsidiaries, which comprise the consolidated balance sheets as at March 31, 2018 and 2017, and the consolidated statements of income, consolidated statements of comprehensive income, consolidated statements of changes in net assets and consolidated statements of cash flows for the years then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in Japan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, while the objective of the financial statement audit is not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of CAPCOM Co., Ltd. and its subsidiaries as at March 31, 2018 and 2017, and their financial performance and cash flows for the years then ended in accordance with accounting principles generally accepted in Japan.

Convenience Translation

The U.S. dollar amounts in the accompanying consolidated financial statements with respect to the year ended March 31, 2018 are presented solely for convenience. Our audit also included the translation of yen amounts into U.S. dollar amounts and, in our opinion, such translation has been made on the basis described in Note 1 to the consolidated financial statements.
