***Monster Hunter Bridge to Reopen in Nijigen no Mori!***  
- Attraction to be relocated to Awaji Island targeting fiscal year 2027,  
once again merging dreams and reality -

Capcom Co., Ltd. (Capcom) today announced that *Monster Hunter Bridge*, an interactive experience that the company exhibited at the Osaka Healthcare Pavilion in Expo 2025, Osaka, Kansai, Japan (Expo 2025, below), will reopen at a new location in Nijigen no Mori in Hyogo Prefectural Awajishima Park, targeting fiscal year 2027.

*Monster Hunter Bridge* is an interactive attraction that was exhibited at the Osaka Healthcare Pavilion in Expo 2025. It offered a one-of-a-kind immersive experience with specialized AR devices, a 360-degree theater, spatial audio, and a vibrating floor. As a result, daily reservation numbers for it were consistently high, with an aggregate total of over 100,000 people enjoying the attraction.

With the reopening at this new location, even more people will be able to continue to enjoy *Monster Hunter Bridge*, which had concluded operations at the end of Expo 2025. The company is working closely with its partner companies to recreate on Awaji Island the wondrous world of *Monster Hunter* that visitors experienced at Expo 2025.

Capcom remains firmly committed to satisfying the expectations of all users by leveraging its industry leading game development capabilities in order to create highly entertaining gameplay experiences.

### **About the *Monster Hunter* Series**

The *Monster Hunter* series consists of hunting action games that pit players against giant monsters in beautiful natural environments. Beginning with the first title in 2004, the series established a new genre in which players cooperate to hunt ferocious monsters with their friends, growing into a global phenomenon with cumulative sales of the series exceeding 125 million\* units.

\*As of December 31, 2025

### **About Nijigen no Mori**

Located just five minutes from the Akashi Kaikyo Bridge after crossing from Kobe to Awaji Island, Nijigen no Mori is an anime-themed park located within the vast, natural landscape of Hyogo Prefectural Awajishima Park in Japan, which spans an area that is approximately 134.8 hectares. By utilizing digital and interactive technologies, the park offers immersive experiences for visitors of all ages and nationalities, featuring attractions based on Japanese anime, manga, and game content that allow visitors to engage with these works using all five senses.
