Capcom looks to expand its global user base -

Capcom Co., Ltd. (Capcom) today announced that *Monster Hunter Wilds: Ascendance*, a massive expansion for *Monster Hunter Wilds*, is scheduled for release in 2027.

Monster Hunter Wilds: Ascendance is a massive expansion (paid content) for *Monster Hunter Wilds*, which was released in February 2025. As a continuation of the main game's story, the expansion will further deepen the gameplay experience with new content including new quest ranks, locales, additional monsters and expanded weapon actions through new gameplay features. The company is currently developing the title for release in 2027.

Capcom is also developing *Monster Hunter Wilds* for Nintendo Switch™ 2 in addition to the existing platforms. Further details will be announced in future official updates.

The *Monster Hunter* series has expanded its user base globally through worldwide releases and the continuous rollout of new content. *Monster Hunter: World*, released in 2018, has surpassed 30 million units in cumulative sales worldwide, making it Capcom's best-selling single title of all time.

Capcom remains firmly committed to satisfying the expectations of all users by leveraging its industry leading game development capabilities in order to create highly entertaining gameplay experiences.
